**TO:** People Interested in Public Finance and Governance Legislation  
**FROM:** Senator Mike McGuire, Committee Chair  
**DATE:** October 7, 2020  
**SUBJECT: Summary of significant legislation heard in 2020**

Now that the legislative session has ended, I want you to know about some of the more interesting bills that the Senate Governance & Finance Committee reviewed during 2020. The following summary identifies and briefly describes the significant bills that the Committee has worked on this year. At the end of each description, the bill's status is indicated in *italics*.

If you want to read the Committee's bill analyses or get a copy of a bill listed below, please go to the Legislature's official website [leginfo.legislature.ca.gov](http://leginfo.legislature.ca.gov). You can also use that website to retrieve other bill analyses, official histories, voting records, and any veto messages.

The Senate Committee on Governance and Finance is responsible for hearing legislation pertaining to state and local government revenue mechanisms, taxes, local governance, and land use and development. The summary below groups bills by subject.

**Please note:** due to the COVID-19 pandemic, many legislators reduced the number of bills that they authored during the 2020 legislative year, and bills that ordinarily would have been referred to multiple committees were only referred to the committee with the primary jurisdiction.
